

Syllabus Quick Facts

Precalculus — Fall 2026

Course Information

Instructor Email: cm264@mailbox.sc.edu

Course Webpage: <https://coffeeintotheorems.com/courses/2026-2/fall/math-115/>

Office Hours: The instructor's office is LeConte 345C. The office hours are Monday 10:00am – 12:00pm, Wednesday 12:00pm – 2:00pm.

Grading Components

Course grades are determined by the following components:

Labs	5%
Check-Ins	10%
Homework	20%
Final Exam	20%
Exams I–III	45%

Attendance

Attend each lecture and show up on time. Submit excused absences to the University using the link at the bottom of the 'Course Resources' folder in Blackboard. Five or more unexcused absences from lectures could result in receiving a grade penalty per additional absence or an 'F' in the course. Furthermore, excessive lateness will also count as an absence.

Labs

Labs will help connect course topics to practical applications of course material. They will often be assigned outside of class. They may be graded on effort, correctness, or both.

Check-Ins

There will be a check-ins *every* class, typically at the start of class. Because solutions will often then be immediately discussed, no make-up check-ins will be given (except under extraordinary circumstances). Check-ins will often be simple true/false questions. If you answer "IDK", a grade of 50% will *always* be awarded.

Homeworks

There will be weekly homework assignments. Homeworks will mostly be given and submitted using MyOpenMath. This assessment system is free for students and is integrated into Blackboard. Students will not need to create an account or make any purchases. You are encouraged to work with others on homeworks; however, be sure to carefully abide by the academic integrity standards excepted by the college and instructor.

Exams

There will be a total of 3 exams that are each worth 15% of the course grade and a final exam worth 20% of the course grade for a total of 65%. The tentative schedule for these exams can be found below. The final exam is cumulative. There are no make-up exams except under extraordinary circumstances.

Course Schedule

Below is the *tentative* schedule for Section 1 and is subject to change.

Date	Topic(s)	Date	Topic(s)
08/18	Algebra Review	10/13	Exam 2
08/19	Recitation	10/14	Recitation
08/20	Algebra Review	10/15	Fall Break (No Classes)
08/24	Recitation	10/19	Recitation
08/25	Polynomials	10/20	Angles
08/26	Recitation	10/21	Recitation
08/27	Polynomials	10/22	Trigonometric Functions
08/31	Recitation	10/26	Recitation
09/01	Rational Functions	10/27	Trigonometric Graphs
09/02	Recitation	10/28	Recitation
09/03	Rational Functions	10/29	Trigonometric Identities
09/07	Labor Day (No Classes)	11/02	Recitation
09/08	Partial Fractions	11/03	Election Day (No Classes)
09/09	Recitation	11/04	Recitation
09/10	Partial Fractions	11/05	Inverse Trig Functions
09/14	Recitation	11/09	Recitation
09/15	Exam Review	11/10	Solving Trig. Equations
09/16	Recitation	11/11	Recitation
09/17	Exam 1	11/12	Law of Sines/Cosines
09/21	Recitation	11/16	Recitation
09/22	Exponential Functions	11/17	Exam Review
09/23	Recitation	11/18	Recitation
09/24	Logarithmic Functions	11/19	Exam 3
09/28	Recitation	11/23	Thanksgiving Break (No Classes)
09/29	Solving Exp./Log. Equations	11/24	Thanksgiving Break (No Classes)
09/30	Recitation	11/25	Thanksgiving Break (No Classes)
10/01	Solving Exp./Log. Equations	11/26	Thanksgiving Break (No Classes)
10/05	Recitation	11/30	Final Exam Review
10/06	Modeling with Exp./Log.	12/01	Additional Topics
10/07	Recitation	12/02	Final Exam Review
10/08	Exam Review	12/03	Additional Topics
10/12	Recitation	12/-	Final Exam

Course Schedule

Below is the *tentative* schedule for Section 7 and is subject to change.

Date	Topic(s)	Date	Topic(s)
08/18	Course Introduction & Exam Review	10/13	Recitation
08/19	Algebra Review	10/14	Exam 2
08/20	Recitation	10/15	Fall Break (No Classes)
08/24	Polynomials	10/19	Angles
08/25	Recitation	10/20	Recitation
08/26	Polynomials	10/21	Trigonometric Functions
08/27	Recitation	10/22	Recitation
08/31	Rational Functions	10/26	Trigonometric Graphs
09/01	Recitation	10/27	Recitation
09/02	Rational Functions	10/28	Trigonometric Identities
09/03	Recitation	10/29	Recitation
09/07	Labor Day (No Classes)	11/02	Trigonometric Identities
09/08	Recitation	11/03	Election Day (No Classes)
09/09	Partial Fractions	11/04	Inverse Trig Functions
09/10	Recitation	11/05	Recitation
09/14	Exam Review	11/09	Solving Trig. Equations
09/15	Recitation	11/10	Recitation
09/16	Exam 1	11/11	Law of Sines/Cosines
09/17	Recitation	11/12	Recitation
09/21	Exponential Functions	11/16	Exam Review
09/22	Recitation	11/17	Recitation
09/23	Logarithmic Functions	11/18	Exam 3
09/24	Recitation	11/19	Recitation
09/28	Logarithmic Functions	11/23	Thanksgiving Break (No Classes)
09/29	Recitation	11/24	Thanksgiving Break (No Classes)
09/30	Solving Exp./Log. Equations	11/25	Thanksgiving Break (No Classes)
10/01	Recitation	11/26	Thanksgiving Break (No Classes)
10/05	Solving Exp./Log. Equations	11/30	Additional Topics
10/06	Recitation	12/01	Final Exam Review
10/07	Modeling with Exp./Log.	12/02	Additional Topics
10/08	Recitation	12/03	Final Exam Review
10/12	Review	12/11	Final Exam
